

## Supplement 2

### Post-Experiment Questionnaire of Pilot Study

Translated from German

---

Thank you for participating in our study!

Please answer the following questions about your experience during the experiment. There are no right or wrong answers. Please simply describe what spontaneously comes to mind.

Please note that all questions need to be answered to proceed to the next page with "Next".

1. Did you behave or use money according to a specific principle? If yes, please describe the principle.
2. Did you feel drawn towards the middle of the field?
3. For investors only: Were you able to distinguish the avatars of the investors? (Trustees: Please write "not applicable")
4. Did you feel represented by your avatar? If not, why?
5. Which aspects of the game were difficult to understand?
6. Which parts of the instructions (game description) were difficult to understand?
7. Were you under the impression that some information was missing? If yes, what information?
8. Could something be improved in the game (think about design, avatars, layout, instructions, ...)?
9. Could something be improved in how the experiment was conducted online (think about invitations e-mails, remote connection, video conference system, ...)?
10. Did you feel your identity was kept anonymous? If not, what could have been improved?
  
11. How intuitive was the movement towards the middle of the playfield to invest money?  
5: not at all, 4: rather not, 3: neutral, 2: quite, 1: very intuitive
12. How did you feel about the allocated time in each round?  
5: much too short, 4: rather short, 3: about right, 2: rather long; 1: much too long
  
13. What do you think was the subject of research in this game?

Almost done! Please fill out the following demographic questions:

1. How old are you?
2. What gender do you identify as?  
male, female, diverse
3. What is your occupation?  
Student, Employed, School student, Other  
If Student: Please indicate your major.  
If Employed: Please indicate your profession
4. Do you suffer from near-/far-sightedness?  
Yes, but corrected (e.g., with glasses); No; Yes, not corrected

Please generate your personal code so that your earning can be paid out to you

Your code consists of: First two letters of your mothers first name (e.g., ma for Marta), last two letters of your place of birth (e.g., in for Berlin), and the first two letters of your father's first name (e.g., pe for Peter): mainpe

Please enter your code here:

Thank you! The experiment is over. Please click on "Next" and then "OK" and return to the video conference.
