

Figure 3

The screenshot shows a software application window titled "Zeta" with a menu bar (File, Edit, View, Measure, Tools, Security, Window, Help) and a toolbar. The main area displays a "Records View" table with columns: Record, Type, Sample Name, General Notes, Measurement Date and Time, and T. The first three rows are selected, and a context menu is open over them. The menu options include Cut (Strg+X), Copy (Strg+C), Paste (Strg+V), Delete, Batch print..., Edit Result..., Extract SOP, Create Average Result..., Macros, Statistics Bar, Expert Advice, Plate Navigator, and Microtherology Utilities.
