done  
position  
image  
blobs  
Thresholded

The main window displays a grid of blue circles on a dark background. The circles are arranged in a pattern that resembles a grid, with some circles missing or dimmed. The interface includes a log window at the top, a statistics panel on the left, and a control panel at the bottom left. The control panel has buttons for 'example', 'preview', 'acquisition', 'focus', 'reference', 'done', 'position', 'image', 'blobs', and 'Thresholded'. The statistics panel shows 'Mean: 79.0147', 'Min.: -3', 'Max.: 5492.56', and 'Std. dev.: 242.654'. The log window shows several messages related to finding squares and sampling score ranges.
