

**Description of the box:** The box contains a set of plastic moons attached to a metal rail as well as stationary stars which hang from the ceiling of the box. Using the handles on both sides of the box, the participant can slide the set of moons back and forth. The box also contains four LED lights on the ceiling which can be adjusted using the dial on the right side of the box. The front panel of the box is open. The back panel of the box is see-through. The side panels are black and opaque.

**Dimensions:** front width 16cm x height 18.5cm x depth 16.5cm, 3mm thick
