

# Setting up JoVE Content with Schoology

## Embedding JoVE Videos

Before starting to embed videos, please **login to your JoVE account**.

If you don't have a JoVE account yet, please **sign up** at <https://www.jove.com/account>.

**Make sure you select a role of "Professor / Instructor"** when creating your account. This role enables embed codes you create to have access keys in them.

**\*IMPORTANT** - Without the access key, the embed code will not work correctly for off campus students.

1. Log into JoVE with your institutional email.
2. Go to the video of your choice.
3. Click on the 'Embed' button below the video.
4. Click 'Copy URL'.
5. Log into Schoology.
6. Navigate to the desired course.
7. Using the 'Add Materials' dropdown, select 'Add Page'.
8. Give the Page a title within the 'Page Title' box.
9. Within the toolbar select 'Insert Content'.
10. Select 'Image/Media' from the dropdown.
11. Click on the 'From the Web' tab.
12. Select 'Media' as the type.
13. Paste the embed code in the 'Link/Embed' box.
14. Click the 'Insert Media'.
15. Lastly, click the 'Create'.

## Loading a Common Cartridge File with JoVE Content [Watch a video tutorial](#)

You can request a common cartridge from your customer success specialist by sending a list of the videos you would like to add to your course. Don't know who your dedicated specialist is? Just email [CustomerSuccess@jove.com](mailto:CustomerSuccess@jove.com). Once you have the cartridge, the instructions below will walk you through the process of loading it into Schoology.

1. Log into Schoology.
2. Click Resources.
3. Click the triangle shaped dropdown list across My Resources.
4. Select 'Import'.
5. Select 'Common Cartridge (IMSCC or Zip)'.
6. If a collection has already been created for importing, then select the existing collection option. If not, then create a new collection with the appropriate title.
7. Click 'Attach File'.
8. Select the common cartridge file saved on your computer folder.
9. Once uploaded, click 'Next'.
10. Check the 'Select All' box and click 'skip and import'.
11. Return to your course page.
12. Using the 'Add Materials' drop-down select 'Import from Resources'.
13. Select the check box next to the recently uploaded cartridge and click the 'Import' button.
14. Click the 'Import' button again.
15. Then click on the folder of the imported resource, click on the gear next to the 'Unused Resources' and select 'delete'.

## Loading a QTI File with JoVE Quiz Content into Schoology [Watch a video tutorial](#)
